

Health
Appointment
System

Provide a better waiting experience for your walk-in patients

Queue was launched in mid-January 2023 and since then, we've managed **1500** visits from **8** clinics!

How it can benefit you

-  Fully integrate HAS appointments with walk-ins
Automatically weaves appointments into your walk-ins
-  Free SMS notifications to patients
Registration SMS
Reminder SMS when turn is almost near
'It's your turn' SMS
-  Reorder and prioritise urgent cases easily with drag & drop
-  Real-time queue status for patients
-  Keep track of patient waiting and consultation times
-  Even out spiky traffic with same-day appointments (General Consultation)
-  Clinic set up in 5 minutes and patient registration done in 5 seconds
